

## *Library Services within Frederick network or VPN*

Please use your Frederick account credentials to login on the link:

<https://eduvpn.frederick.ac.cy>

and follow the instructions:

[Link for document instructions](#)

[Link for video instructions](#)

After you have successfully connected with OpenVPN:

[Click HERE for Library Access to electronic resources](#)

Be aware that the University's [Library Online Catalogue](#) registers physical items found at Frederick Library premises only - these are NOT available for download.

Please note that VPN usage is governed by the University's Acceptable Use Policy:

[Link for the University's Acceptable Use Policy](#)

Please note that while you are connected with OpenVPN all traffic goes through Frederick's network and every activity is tracked and protected the same way as you would expect when you are in Frederick campus. Please make sure you disconnect from the VPN in order to have the privacy of your own connection when you are done using the University's services.
