References:	Scientific articles, periodicals, videos								
Planned learning teaching methods:	The major method of teaching is the interactive communicative approach based on the principles of functional language learning and teaching. Audio-visual aids, class discussions, group work and other communicative drills are among the instructor's tools to keep students' interest alive and elicit the maximum participation from students. Students are also encouraged to make extensive use of the university's language resources.								
Assessment methods and criteria:	<p>A two-method assessment is adopted. The coursework assessment, which counts for the 40%of the overall mark, includes 2 major tests, an assignment, quizzes, homework and class participation and the final examination assessment which counts for the 60% of the final mark.</p> <p>Coursework: 40%</p> <table border="0"> <tr> <td>-Mid-term Test 1</td> <td>14%</td> </tr> <tr> <td>-Mid-term Test 2</td> <td>10%</td> </tr> <tr> <td>-Assignment</td> <td>8%</td> </tr> <tr> <td>-Class work (attendance, participation, homework)</td> <td>8%</td> </tr> </table> <p>Final Exam: 60%</p>	-Mid-term Test 1	14%	-Mid-term Test 2	10%	-Assignment	8%	-Class work (attendance, participation, homework)	8%
-Mid-term Test 1	14%								
-Mid-term Test 2	10%								
-Assignment	8%								
-Class work (attendance, participation, homework)	8%								
Language of instruction:	English
