

Course Title	Applications of Public Law				
Course Code	LAW 458				
Course Type	Compulsory				
Level	Undergraduate				
Year / Semester	4 th / 8th				
Teacher's Name	Dr Panagiotis Degleris / Gerontas Apostolos / Koutoupa Regakou Evaggelia				
ECTS	6	Lectures / week	1	Laboratories / week	
Course Purpose and Objectives	<p>The aim of the course is for the student to understand the structure and function of Constitutional Law, General Administrative Law (as a "transformer" of the Constitution), Administrative Procedure and access to Justice as well as Fundamental Rights. With this approach the course covers the whole of Public Law with a theoretical deepening in the issues of both substantive and procedural law. The aim of the course is to analyze in the students at the same time a series of case studies -special cases, always in relation to the recent jurisprudence and the legislative changes. For this reason, critical issues will be analyzed through a combined study of special cases, as well as an analysis of the relevant court decisions. Students will get in touch with the theory and practice of the Courts, in order to help as new colleagues in the first steps of their course, to understand the organization of public administration, justice, its interpretation Constitution, the meaning of "Constitutional Pluralism" but also the "effects" of the case law of the CJEU and the ECHR in national courts. On the occasion of the study of the structure of court decisions, they will acquire the required specialized knowledge for the legal judgment, but also the ability as interpreters or enforcers of the law to separate the essential and the critical from the insignificant and the legally indifferent.</p>				

Learning Outcomes	<p>At the end of the course:</p> <p>Students will be able to deal with complex issues of Public Law.</p> <p>They will be provided with the necessary knowledge background regarding the interpretation of both the texts and the relevant court decisions.</p> <p>They will gain the ability to understand the relevant problems and solve them judicially, given the complexity that often exists.</p>
