

SPRING 2022

# Student Clubs

Explore our Student Clubs and join the fun with students who share your passions

At Frederick University there are Clubs run by students, covering a wide range of activities and interests.

Joining a Student Club will give you the opportunity to participate in social and cultural activities, meet new friends, network, gain new experiences, learn new skills, express your creativity and make the most of your spare time. You can also start a Club you're passionate about.

**To join one of our Student Clubs sign up:**
